Summary

I am currently a sophomore in the Department of **Chemical Engineering**. Along with a **Major degree in Chemical Engineering**, I am also pursuing a **Minor degree in Computer Science And Engineering**. I have *qualified* the prestigious JEE-Advanced and JEE-Mains **Examination** in 2022. I am a **hard-working student** who works on problems no matter the toughness of the problem, and this quality of mine has helped me, an average student to reach such heights of educational achievement. I have a keen **interest in research in engineering**; and also in **interdisciplinary subjects**(which is the reason of my pursuing a minor degree in Computer Science and Engineering).
